

evertz.io is a scalable cloud-based microservice platform designed to offload segments of your workflow to the cloud without big commitments.

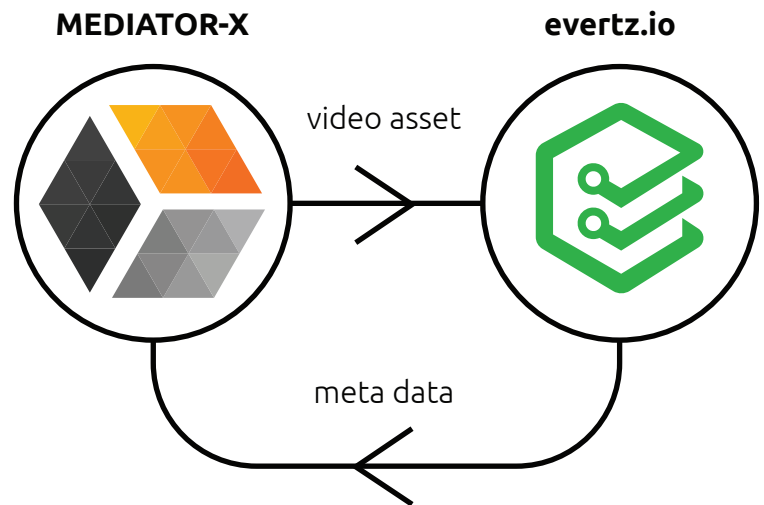

Assist: Meta

Assist:Meta extracts rich technical metadata from your content, in a convenient standardized format.

FEATURES & BENEFITS

- Metadata can be extracted from a piece of supported video content or audio residing in your account.
- Consistently formatted data structure, ensuring future proof compatibility.
- Documented API available, so you can customize scripts as part of your own applications.
- Inherently scalable for peaks.
- 100% Mediator-X integration and support.
